

Money – We All Wish We Had More!

Learn How To Make More Income At Work

Laura Browne

helped her clients get...

\$5,000 additional salary after asking one question.

A 15% higher new salary.

A raise & promotion that had been denied before.

A \$14,000 increase and 6 months later \$8,000.

They all used information from Laura Browne's books and training courses.

Laura has extensive experience coaching and training in global corporate Human Resources roles. She spent 9 years coaching & training female leaders from Fortune 100 companies through WOMEN Unlimited. She now helps people to make more money, be more confident and get heard with online training programs at her company, Career Tips For Women.

Show/Story Ideas

Ways to Get the Raise You Crave. Practical steps to help you increase your salary.

Use these 4 words to command a higher starting salary. It's simple and effective.

Ways to NEVER ask for a raise. These things will get you a NO.

Women make 83% of what men make. Here's how you can change that.

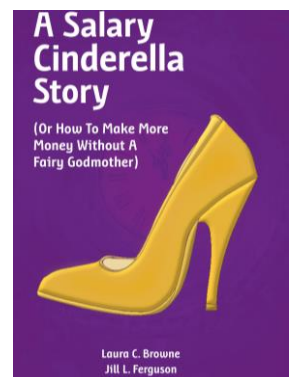

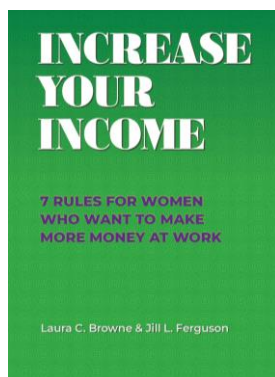

Why your boss will be happy you asked for a raise (instead of being angry or annoyed)

3 ways to answer salary expectation questions (that position you for success)

4 ways to Look and Sound Confident (even if you're quaking inside)

What to do if you don't feel heard. 3 steps to get people to listen.

2 Minutes to a Happier You (and why happiness matters)
